Mahlon's Philosophy

I have had the privilege to play this wonderful game since I was very young. The game has brought many positive experiences and long-lasting relationships into my life that I would never have imagined otherwise. My goals through this program are to nurture a love and respect for this great game through instruction and by also recognizing the History and Rules of the game, as well as exposing how to really have fun playing the game. My hope is that each individual will leave this program a better golfer and a better person. I have taken great measures to assemble a staff that shares these hopes and goals.

Mahlon's work with Junior Golf was recently recognized by GOLF INC MAGAZINE as one of the magazines annual, "Most Admired Operators" GOLF INC April 2008
